Key learning in geography in Year 4 **Locational Knowledge**- On a world map, locate areas of similar environmental regions, either desert, rainforest or temperate regions. Locate and name the main counties and cities.

**Place Knowledge**- Understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America.

**Human &Physical Geography**- Describe and understand key aspects of: Physical geography, including: climate zones, biomes and vegetation belts. Key aspects of rivers. Rubbish and recycling-an environmental study. Describe and understand key aspects of:

physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle.
 human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.

**Geographical Skills & Field work**- Use maps, atlases, globes and digital/computer mapping (Google Earth) to locate countries and describe features studied. Learn the eight points of a compass, four-figure grid references.

Use fieldwork to observe, measure and record the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.

3	country or capital city.  Houses of Parliament or Thames flood barrier in London. River Thames or Peak Cavern in England.	Study climate, various crops grown and vegetation of Amazon's tropical rainforest (also known as Amazonia) and other rainforests of the world – see National Geographic website, 3D Geography website or BBC website.	Identify farmland on maps of local region including OS maps such as Digimap and on world maps. Identify different types of farm and crops and if grown for human or animal consumption. Linked to DT, use images of foodstuffs (growing, raw, cooked meals etc) from different parts of the world. "Farm to Fork".
4	Cardiff Castle or Wales Millennium centre in Cardiff. Snowdonia National Park or source of River Severn in <b>Wales</b> .	Identify main biomes and habitats of the world including tundra, desert, grassland and forests and which animals live in Amazon rainforest compared with other rainforests of the world – see Living Rainforest website.	Map food from around the world eg tea, coffee, sugar, rice, beans, seeds, flour, pasta, etc and research where in the world each comes from, identify food from all 7 continents and

5	Forth Bridge or Holyrood Scottish Parliament in Edinburgh. Ben Nevis or Loch Ness in <b>Scotland.</b>	Follow course of Amazon River from source to mouth, investigate tributaries using Google earth, maps and satellite views. Use Google yellow stick man on map to view places and features such as towns and ports. See short clip "Amazon's Invisible Flying rivers" on BBC Futures website.	annotate large world maps with food or food pictures. How is it transported, how many miles does it travel?  Consider any food stories in the news that could be investigated further eg harvest/farming, famine, horse meat scandal etc. Investigate food related jobs in town, country or both. Develop views and attitudes to critically evaluate responses to local
		, .	responses to local and global issues or
6	Parliament buildings at Stormont in N.Ireland. Giant's Causeway or Lough Neagh in N.Ireland.	Locate major cities in Brazil including capital city Brasilia. Investigate if in Basin or rainforest. Link to current or past events and news reports such	events in the news.  Investigate Martha Payne's food blog, create a class blog related to own discoveries about food and where it comes from.
		as World Cup 2014, Olympics in Rio 2016.	Devise hypotheses and design questionnaires to

					find out what food people eat, why &
					where it comes
					from.
Key learning in geography in Year 5	Locate and name the main counties and Place Knowledge- Compare a region in Biomes.).  Human &Physical Geography- Describ biomes and vegetation belts. Human ge Viking, Saxon Britain linked to History. Described in the physical geography, including: climate human geography, including: types of seminerals and water.  Geographical Skills & Field work- Use eight points of a compass, four-figure geography.	n countries in Europe and North or South cities in England. Identify the position and UK with a region in N. or S. America with the and understand key aspects of Physical ography including trade between UK and Describe and understand key aspects of the zones, biomes and vegetation belts, rivertelement and land use, economic activity maps, atlases, globes and digital/computing rid references, symbols and key (including trye, measure and record the human and proven the symbols and the sum of the symbols and the symbols and proven measure and record the human and proven the symbols and the symbols and proven the symbols and the symbols and the symbols and proven the symbols and the symbols and proven the symbols and the symbols and proven the symbols and the symbols are symbols are symbols and symbols are symbols are symbols and symbols are symbols are symbols and symbols are symbols	d significance of latitude/longitude significant differences and similar geography including coasts, rive Europe and ROW. Fair/unfair disters, mountains, volcanoes and ear including trade links, and the dister mapping mapping (Google Early the use of Ordnance Survey maging significant disters.)	de and the Greenwich Meridia writies. Eg contrasting region: A ers and the water cycle includi tribution of resources (Fairtrac rthquakes, and the water cycle stribution of natural resources orth) to locate countries and de ps) to build their knowledge of	Amazon Basin, rainforest, Ing transpiration; climate zones, Ide). Types of settlements in e. Es including energy, food, escribe features studied. Use the of the United Kingdom in the

Y6	1	Survival!	Super Sleuth	Brittens Got	Heroes and	Oh I do like to be beside the Seaside
		1)Recap: What do you		Talent	Villains	Locate Lancashire seaside county on UK
		remember about the geography		Autumn 1-		map, Leicestershire, surrounding
		you have learnt in year 5?		Survival		counties, towns and names of seas.
		,				Locate on a large scale OS map,
		2) Revisit key knowledge: 7				browsing surrounding area for railway
		continents, 5 oceans.				lines, tramlines, shops, amusement
		Label Brazil, Russia, India,				parks etc. Are features natural or man-
		China, South Africa on the map				made, find differences using aerial
		using Atlas and find other				photos and other images. See Key
		countries.				questions on Lancashire.
		Label line of longitude, latitude,				'
		what the prime meridian goes				
		through, what the equator is				
	2	1)Recap: Key terms like:				Investigate scale and distances on
		1) Longitude				maps, OS symbols and what they mean
		2) Equator				and satellite views and aerial photos
		3) Continent				using Google/Bing maps for key
		4) Oceans				features eg Blackpool Tower, pier, zoo.
		5) Latitude				Use 6 figure grid references to locate.
		6) Prime meridian				
		2) what are physical and human				
		features? Any on the				
		playground?				
		Label physical and human				
		features on a satellite map.				
		What is a satellite map?				
		Choose a country to research				
		about in this topic in				
		pairs/whole class/group -this				
		lesson choose a river within				

	that country and answer questions about it:  1) How long is the river? 2) How wide is the river? 3) Which plants and animals live there? 4) Interesting facts: 5) How is the river used? 6) Is the area flat or hilly?		
3	1)Recap: Key terms:  1) Latitude 2) Longitude 3) Equator 4) Continent 5) Oceans 6) Prime meridian 7) Satellite map 8) Physical geography 9) Human geography 10) What did they find out about their river?  2) Thematic map — what are they?  Research about a mountain in their chosen country: What is its highest point? What is the climate like? Interesting facts:		Use Google Earth and streetview to locate features, different land use, etc for roads/borders, historical maps on Digimap website and compare area 50 or 100 years ago.

4	Assessment: Share the information they have found out about the river/mountain with another group. How much can they remember?  1)Recap: key terms from before and 'thematic map', facts about their river or mountain  2) Brief understanding of what causes volcanoes, why is it called a natural hazard/disaster. Look at places volcanoes are most common, using an Atlas  Research about a volcano in their chosen country and answer questions:  1) How old is the volcano?  2) Is the volcano active, dormant or extinct?  3) How tall is the volcano?  4) When did it last erupt?  5) Interesting facts about the		Identify Physical Geography of Blackpool and surrounding area eg coast, climate, vegetation, rivers and Human Geography of Blackpool and surrounding area eg settlement types, commerce, industry, farming, tourism, transport, attractions.
	volcano:		
5	1)Recap key terms from before and add: How are volcanoes formed?		Investigate topical or local issues eg fracking, wind farms, airport close using Blackpool Gazette or Council website. Create an online
	2) What are biomes? Examples of biomes? Why is a biome a physical feature?		questionnaire to gather views about Blackpool, attractions, changes,

	Choose a biome in their chosen country and research about it. Characteristics about the biome? Assessment: Share the information they have found out about the river/mountain/volcano/biome		illuminations and locate on OS maps using 1:50K scale.
	with another group. How much		
	can they remember?		
6	1)Recap key terms from before and add: Biome  2) what are ordnance survey maps? How do the symbols help us? What do some of the symbols mean? Identify some physical/human features on your map  Research some human features		Visit Geographical Association website for a case study and investigate coastal environment, erosion and sea defences or events in the news.
	in your chosen country		
7	1)Recap: Key terms from before and add: ordnance survey maps  2) What is a geographical issue? Learn about a geographical issue in their chosen country. For example: earthquake, hurricane Answer questions: How is it caused?		

What are they doing to overcome the issue?			
Assessment: Complete a Kahoot quiz with all of the key vocabulary to check their understanding.			
Create a fact file of everything they have learnt about their			
chosen country. Share with			
another class.			

## Key learning in geography in Year 6

**Locational Knowledge**- On a world map locate the main countries in Africa, Asia and Australasia/Oceania. Identify their main environmental regions, key physical and human characteristics, and major cities. World countries and key features: research.

Place Knowledge- Compare a region in UK with a region in N. or S. America with significant differences and similarities. Eg. Link to Fairtrade of bananas in St Lucia (see Geography.org etc for free and commercially available packs on St Lucia focussing on Geography). Understand some of the reasons for similarities and differences.

Human &Physical Geography- Describe and understand key aspects of: Human and Physical geography, land use, economic activity, OS mapwork. Describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle.

human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.

**Geographical Skills & Field work-** Use maps, atlases, globes and digital/computer mapping (Google Earth) to locate countries and describe features studied. Extend to 6 figure grid references with teaching of latitude and longitude in depth. Expand map skills to include non-UK countries. Use fieldwork to observe, measure and record the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.

## Ideas for Key stage 2 vocabulary

**Locational and Place knowledge-** settlement, population, urban, rural, suburban, density, port, resort, land use, zone, environmental quality, pollution, community, vehicles, waste, recycling, compost, landfill, derelict, planning, conservation

Physical Geography- source, tributary, mouth, erosion, weathering, deposition, floods, environment, tides, vegetation, relief, landscape, features, bay, headland

Human Geography- industry, manufacture, raw material, labour, employment, fuel/power, energy, market, natural resources, cargo, export/import

Geographical Skills & Field work- climate, rainfall, mist, fog, dew, anemometer, weather vane, tornado, hurricane, monsoon,

- latitude, longitude, co-ordinate, 4 figure grid reference, 6 figure grid reference, distribution, region, political map, physical map, aerial photograph, scale, cardinal point, key, routes, network, Ordinance Survey
