

# Knowledge Organiser – The Farm Shop

Spring 2

|   |  |
|---|--|
| tractor            | farmhouse   |
| haystack           | barn        |
| straw bale         | farmer      |
| combine harvester  | field       |
| pond               | trailer     |
| gate               | milk churn  |

|  |   |  |   |
|--|---|--|---|
| leaf    | bud      | stem        | suitable     |
| root    | flowers  | fruit       | grow         |
| plant   | blossom  | vegetables  | healthy      |
| leaves  | petals   | bulb        | germination  |

To grow into a healthy adult, we must eat the right types of food in the right amount and **exercise**.

Eatwell Guide

**oils and spreads**  
Choose unsaturated oils and use in small amounts.

Water, lower fat milk, sugar-free drinks including tea and coffee all count.  
**6-8 a day**

Eat less often and in small amounts.

| Vocabulary        | Definition   |
|-------------------|--|
| Farm              | Area of land and buildings used for growing crops or raising animals             |
| Countryside       | Land which is far away from towns and cities                                     |
| Barn              | A building on a farm in which crops or animals' food can be kept                 |
| Tractor           | A powerful motor vehicle with large rear wheels                                  |
| Farmhouse         | The main house on a farm, usually where the farmer lives                         |
| Milk churn        | Large metal container for milk   |
| Combine harvester | A farming machine that gathers, threshes (separates) and cleans a crop in one go |

| Key Vocabulary                           |  |
|--|--|
| <b>What do plants need to grow well?</b> |  |
| <b>sunlight</b>                          | All plants need light from the sun to grow well. Some plants need lots of <b>sunlight</b> . Some plants only need a little <b>sunlight</b> .             |
| <b>water</b>                             | All plants need <b>water</b> to grow. Without <b>water</b> , seeds and bulbs will not <b>germinate</b> .   |
| <b>temperature</b>                       | <b>Temperature</b> is how warm or cold something or somewhere is. Some plants like cooler <b>temperatures</b> and some like warmer <b>temperatures</b> . |
| <b>nutrition</b>                         | Food or nourishment. Plants make their own food in their leaves using <b>sunlight</b> .  |

## How would a healthy salad be designed?
