

Knowledge Organiser – The Place Where I Live.

Aerial Photographs – A photograph taken from the sky.

Market Town – Loughborough has had a market in its town centre for over 800 years.

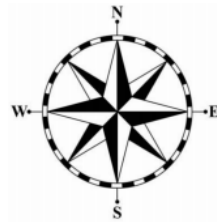

Maps tell us about places. They tell us where places are and help us to identify where things are located. From maps we are able to find roads, schools, and other places of interest. A map uses symbols to show where these places are. These symbols are explained in a **key**.

Physical Features are natural – beach, cliff, forest, hill, mountain, sea, river, soil, valley, water

Human Features show how humans have altered the environment – These might include buildings, towns, cities, farms, houses, shops

Compasses are used to help people find their way or to show the position of something. There are four compass points – **North. East. South. West.**

Loughborough	A town in the East Midlands of England.
Saint Mary's Primary School	A primary school in Loughborough.
Road	A wide way leading from one place to another
River	A large natural stream of water flowing in a channel to the sea, a lake or another river.
Directions	An instruction to be followed to take you to a specific place.
Local landmarks	A building of importance that can be easily seen and help someone find their way to a place near it.
Urban area	In a town or a city.
