You are invited to our Induction Drop In day. This will be an opportunity to visit the classroom and have a chat with the class teacher. There will be lots of information for you and your child to take home.

This is on Thursday 24<sup>th</sup> June 2021. You should have received an email to allocate your time slot on that day. We have had to arrange this transition day in this way due to Covid restrictions. We have tried to keep to nursery bubbles and also comply with our school risk assessments. However we may have to rearrange this date. In this case it will be in August on the first day when the children start school. We will then stick to these original timings.

If the Drop In day in June does not go ahead we will send some information booklets on starting school and about what happens in our class. Please go through these on a regular basis with your child during the summer.

We do hope you will be able to join us.

Please use the school website for information.
